SDI Review Form 1.6

PART 1: Review Comments

	Reviewer's comment	**Author's comment** *(if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)*
Compulsory REVISION comments	1. The authours should indicate what they mean by low soil fertility status by including a table of different soil characteristics and soil nutrient parameters regarded low from there findings matched to different organic sources they indicate. 2. The objectives also need attention, first you need to identify before you describe, examine, ascertain etc. 3. What were the criteria of selecting respondents? 4. How was 120 arrived at as a sample and how was it calculated? 5. Which statistical package or software used, this should be mentioned? The methods needs a lot of focus otherwise they prove to be suspect **Please clarify the plagiarism issues:** The introduction posses plagiarised content and duplication which the others need to delete.
