SDI Review Form 1.6

PART 1: Review Comments

	Reviewer's comment	**Author's comment** *(if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)*
Compulsory REVISION comments		I think the paper is good and well organized. It will give very good information for breeders to use stability models in variety/genotype evaluation across wide environment.
Minor REVISION comments	The paper is recommended for publication following minor corrections as indicated on the attached manuscript.	I have check all the yellow highlighted comments and corrected them accordingly
Optional/General comments
