SDI Review Form 1.6

PART 1: Review Comments

	Reviewer's comment	**Author's comment** *(if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)*
Compulsory REVISION comments	This manuscript brings new information regarding to antimicrobiological activity of *Spondias mombin* leaves. But the paper could require some corrections such as: - It must be improved English language; there are some misspellings in the text. - Punctuation rules are not respected. - The chemical characterization of the extracts is not correctly made; no suitable quantitative determination methods are used. - Both extracts must be characterized in order to highlight the importance of the chemical composition difference with the different intensity of the antimicrobial effect.	
Minor REVISION comments		
Optional/General comments
