SDI Review Form 1.6

Journal Name:	**Asian Journal of Environment & Ecology**
Manuscript Number:	**Ms_AJEE_34392**
Title of the Manuscript:	**EVALUATION ON ABUNDANCE AND DIVERSITY OF SOIL MACRO-INVERTEBRATES IN IDORO COMMUNITY, AKWA IBOM STATE, NIGERIA**
Type of the Article	**Original Research Article**

General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty'**, provided the manuscript is scientifically robust and technically sound.

SDI Review Form 1.6

PART 1: Review Comments

	Reviewer's comment	**Author's comment** *(if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)*
Compulsory REVISION comments	Title: as has not been assessed native areas can not use the term (soil diversity) never ever. Evaluation in only two moments is not a problem as described in the article Statistical analysis needs to be more in depth ... to observe if there were differences between the abundances in each area (a simple test of Tukey) Without the average test, it is not inferior in the conclusions.	**This comment is not clear to the author. I think the title of the paper is properly written** **I agreed,** **The statistical tools used in the research is adequate for the manuscript.** Same as above.
Minor REVISION comments		
Optional/General comments		

Reviewer Details:

Name:	***Gleidson Gimenes Rieff***
Department, University & Country	***Department of Soil Science, Laboratory of Soil Microbiology–Agronomy UFRGS, Brazil***
