SDI FINAL EVALUATION FORM 1.1

PART 1:

Journal Name:	International Journal of Biochemistry Research & Review
Manuscript Number:	**Ms_IJBCRR_27598**
Title of the Manuscript:	**Effects of Solvent Fractions of Balanites aegyptiaca Stem-bark Ethanolic Extract on Glucose Metabolic Enzymes in Diabetic Rats**
Type of Article:	**Research Article**

PART 2:

FINAL EVALUATOR'S comments on revised paper (if any)	**Authors' response to final evaluator's comments**
The authors respond all the suggestions made, but there are some corrections before it being fully accepted. In **abstract** it is not necessary repeat the phrase (i.e.1/10th of lethal dose – it not necessary) Review: Protein with capital letter??; 10%. **Introduction**: second paragraph, first line: Streptozotocin in capital letter?? 4 and 5th paragraph: suggestion "tannic acid, quercetin, catechin, epicatechin, and ferulic acid and coumarin" and "quercetin derivatives", respectively. **Results and discussion:** the item 3.1 (Phytochemical constituent of Aqueous Fraction of Ethanolic Extract of *Balanites aegpytiaca* Stem-Bark) was made for the authors? If yes, where is the method? It seems to be theoretical background. Please review.	**All corrections were done accordingly as were pointed out by the evaluator. Thanks**
