PART 1: Review Comments

	Reviewer's comment	**Author's comment** *(if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)*
Compulsory REVISION comments	**Title: In titles of manuscripts thee scientific names come first including the authority and then the common names in parenthesis. The author should follow that pattern as I have changed them.** **Abstract: In line 2, the author talked about two species but mentioned only one *Manihot esculenta* Crantz. Is he talking about one species with two varieties or what? The author should please write out this properly.** **The author should try to describe the results before bringing in the Tables.** **References: This should follow a particular pattern. The authors should strictly adhere to the format of the journal for their list of references.**	Ok
Minor REVISION comments		
Optional/General comments	**Other corrections have been indicated accordingly.**
