SDI Review Form 1.6

PART 1: Review Comments

	Reviewer's comment	**Author's comment** *(if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)*
Compulsory REVISION comments	- Explaining in detail and more convincible the reason for using Partial least square method in this paper to estimate the relationships of research variables?	It has been considered.
Minor REVISION comments	- Section of The research framework should be delete to ensure that the relevance of some sections in the paper. - The title of 4. "Methodology" in page number of 10 should be change into "Research methods used". In this section, the software used for data analysis should be introduced and the author should make a clear some main techniques used in the data analysing process. - Using the writing language instead of speaking language in some words (i.e so on…) - Checking carefully some typewriting mistakes	Section of the research framework was removed. Methodology changed to research methods. We did check for typewriting mistakes and grammars
Optional/General comments
