SDI Review Form 1.6

PART 1: Review Comments

	Reviewer's comment	**Author's comment** *(if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)*
Compulsory REVISION comments	**The botanical names of Sp and unknown broad leaf must be identified as the paper has many unknown species. This was one of great limitations of the paper.** **Your abstract is very poor as It lacks the research problem (short introduction), Methods and materials are not well described, It lacks the research findings and conclusion: I suggest to you to put a recommendation for a further research.** **Your introduction must have a main objective** **What is the main objective of the paper? Introduction must point out the goal for the paper** **Please follow the journal guide lines for section results and discussions**	
Minor REVISION comments	**Please all the mistakes must be corrected**	
Optional/General comments	The paper is very interesting one as it is about Biodiversity conservation.
