PART 2:

FINAL EVALUATOR'S comments on revised paper (if any)	**Authors' response to final evaluator's comments**
The subject of this study is very important, however, the presentation of the manuscript must be strongly improved. **-The English language must be improved. There are several relevant and serious errors that must be corrected. A native of the English language must correct the errors.** **-The agreement of an Ethics Committee is not clear.** **- The Introduction section is very short. It must be extended with recent references.** **- In the Discussion section, there are repetitions of the results.** **-In the reference section there are several mistakes. The authors must follow the guidelines of this journal.** **- There are minor errors to be corrected, as:** **- the "p" related to the statistic analyses must be in italic "*p*"** **- several sentences had an end point, but there is not space among the sentences.** **- The Tables must be corrected, the vertical lines and the horizontal lines of the center of the Tables must be deleted.**	**The English language has been improved** **Discussion has been edited** **The manuscript has been edited.**
