SDI Review Form 1.6

Journal Name:	**Journal of Experimental Agriculture International**
Manuscript Number:	**Ms_JEAI_36325**
Title of the Manuscript:	**Carcass, organs and economic evaluation of broiler birds fed low-protein diets supplemented with the most limiting essential amino acids in ideal protein concept**
Type of the Article	**Original Research Article**

General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty'**, provided the manuscript is scientifically robust and technically sound.
To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

SDI Review Form 1.6

PART 1: Review Comments

	Reviewer's comment	**Author's comment** *(if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)*
Compulsory REVISION comments	**Comments** **Title** can be changed, not clear **Abstract** should be reordered, some informations deleted!!!these informations transfer to material and metods part. Broilers!!!maturity is not true, delete!!!! Key words rewritten, should be clear and short words The experimental diets should be clearly identified at material and methods. **Introduction** Line 41:broilers requirements is true Not enough literature in introduction, added!!! Line 65:The sentences rewritten!!....aimed to evaluate….(grammer error!!) Line 67:EAAs, should be clear writing (first using!!!) **Material and Methods** Line 72-77:The sentences is not necessary, delete!!!very complex and messy!!!see journals related subject. Subtitles reordered!!!!for example;Experimental design and diets, Housing and birds can be reordered!!! Site??housing, site preparation??? Line 92-98:not necessary information!!! DL-Methionine??Why purchased locally from feed mill, but the other EAAs!!!!explained!! Line 101:technical informations are not necessary!! Short information is enough at material and methods EAAs and diets include to experimental diets subtitle Line 173:…..were made up….. is not suitable using, different verb or word!! Table 1 is not necessary, but composition of experimental diets should be given in Table, analysed or calculated composition, especially crude protein content, aminoacid composition etc…… Line 178-180:wrong!!!meaning!!not scientific Bird genotype, housing (floor or cage) bird/m2???,feeder??, feeding???ad libitum feeding?? Bird number eacg group??replicates???bird/each replicate. All informations should be added to material and method part. Results and Discussion Rewritten!!! Performance parameters???? Should be given	Ok

	Carcass yield??? Salable product is not true using in view of zootechnical!! Live weight!! And slaughter weight!! Feed removal ???hour before slaughter!! Hot carcass weight??? g/100 g BW, organ weights mean±SEM And statistical analysis is absent at material and methods, ANOVA, SPSS??? P values??? Table 4; cost of feeds ??2017 or 2016 specified as dipnote, and experimental groups should be clear writing at bottom of tables!!
