PART 1: Review Comments

	Reviewer's comment	**Author's comment** *(if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)*
Compulsory REVISION comments		
Minor REVISION comments	Some references does not support what is contained in the work. 3 Missing references. This, and other modifications, are suggested in the PDF. The author(s) must correct all observations.	Thank you sincerely for your very pertinent critiques that make perfect our manuscript. We will take it into account. This work concerns the results of a thesis already in instruction. For this fact, the references like FAO/WHO (2002), WHO (2007) have been used for the calculations. We ask therefore your indulgence for not to have changed these references. We will take it into account the next works. Thank you
Optional/General comments	Introduction, ok. Adequate description of the methods. Results, ok.	Once again, thank you.
