SDI Review Form 1.6

PART 1: Review Comments

	Reviewer's comment	**Author's comment** *(if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)*
Compulsory REVISION comments	This manuscript involved aspects of hospital infection control and Epidemiology. The manuscript is well written, interesting and important for microbiology researchers and Publics Health managers, although there are some suggestions to be done. Some of the keywords used do not follow any index descriptors in public health, as BIREME, MeSH, NLM or UMLS;	The comments are welcome and appreciated
Minor REVISION comments	1. There are several typing errors, that must be reviewed before publication. (Eg. Line 13 "unergraduates"; Line 18 "include" [included?]; Line 131 "``were taken")among others. 2. I suggest a grammar review before publishing	We agreed with the comments of the reviewer and have corrected and highlighted them as directed.
Optional/General comments	This article is well written, and after the changes suggested, it's gonna be suitable for publication	We appreciate and hope for eventual publication of the article
