SDI Review Form 1.6

PART 1: Review Comments

	Reviewer's comment	**Author's comment** *(if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)*
Compulsory REVISION comments	**This manuscript could be added to a scientific journal of general divulgation, I think that it can not be accepted in a specialized scientific journal like this. Perhaps it could be better as a chapter of a book. The purpose of the Authors is not clear, it is a long list of toxic effects of drugs alone and not in combination without frequency percentages. I invite the authors to revise radically the manuscript as a systematic review.**	
Minor REVISION comments		
Optional/General comments
