PART 1: Review Comments

	Reviewer's comment	**Author's comment** *(if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)*
Compulsory REVISION comments		
Minor REVISION comments		
Optional/General comments	Good paper with clarity in presentation, sound methodology, and good data sources (except that the data are from different sources. I think it can be accepted without any change in the content. But the quality of the picture used in the model specification is poor, so it is advisable to replace it with manual model specification.
