PART 2:

FINAL EVALUATOR'S comments on revised paper (if any)	Authors' response to final evaluator's comments
<p>The author gave more information about SMEs in Indonesia, but still now (with the revised paper) my previous comments didn't satisfied, as:</p> <ol style="list-style-type: none"> 1) The Literature Review is not satisfactory, incomplete and too short. 2) The conclusions are incomplete, short, without adequate proof for author's claim. 3) There are no information for the profile of respondents and the questionnaire survey. 	<p>The literature review that has been addressed emphasizing on explaining the relationship of information and coordination innovation on the relationship performance that lead to SMEs growth. However most of studies pointed to the relationship performance among channel members but there were a few studies to examine the effect of information and coordination innovation in lending on the relationship performance between SMEs and financial institutions(bankings) that led to SMEs' growth particularly in Indonesia</p> <p>The information of the respondents' profile were addressed accordingly and the questionnaire surveys were using 5 point likert scale from least emphasized to most emphasized.</p>
