SDI Review Form 1.6

PART 1: Review Comments

	Reviewer's comment	**Author's comment** *(if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)*
Compulsory REVISION comments		
Minor REVISION comments	(1) No technical errors (2) many proofreading errors. Line 15: Abstract, remove "s' from debts… last word in line Lines 21-22: remove "in Tanzania" .. obvious Line 23: add "the" before accumulation…. Line 24: erase "obtained", "be" and "only" so the statement becomes: should be mainly used for … Line 25: add "for" before economic …. End of line Line 28: Keywords, add Tanzania Line 36: add the word "the" before Government… Line 53: just write 1980s Line 57: reference…. (Agenor and montel, 1996) Line 60: add " , " before respectively. Line 63: write Figure 1… NOT Fig. 1 Line 63: external debts have Line 76: Tanzanian Line 77: write Figure 2 Line 85: The rest of the paper is organizaed…. NOTE: You need to be consistent in writing either debt or debts all through the paper, you are using both!! Line 101, Line 124: reference "et al. " Line 120: add "which" before has long…. Line 146: write: Likewise, a study ….. Line 148: remove " , " before (2016) Line 161: write: poor education system (Ajayi and Okei, 2012) Line 169: write … Were (2001) using time series data, found that the empirical….	

	Line 219: write…. Replete due to … Line 220: write… Nevertheless, only few studies have been conducted in Tanzania…. Line 242: after the Betas… are the parameters… Line 244: represents domestic product per capita, EDS is for External debt stock, ESP for External debt service payment, E for Export of goods and services and β_0 for the intercept. Line 262: write: the examined variables by applying Johansen test. Line 264: remove "To check that this study apply Johansen test of cointegration." Note: You need to be consistent in using [co-integration] all through…. Not a mixture of cointegration and co-integration! Line 285: you need to be consistent with the use of variables…. $Z_{1i}ECT_{1-i}$ And e_t as in the equation … not ε_t Line 295: add "between" ….. as effect between the variables… Line 296: reference (Granger, 1988) Line 297: remove the same reference (Granger, 1988) Line 300: write this study will likely undertake …. Line 301: write… between variables in Tanzania (Figure 3 summarizes the methodology). Line 308: write…. This study tests the presence of unit roots starting with levels…. Line 309: remove "found to be" Line 311: (Table 2) Note: Be consistent in the titles of the Tables….. Table 1: Variables description Table 2: Unit root…. Table 3: Johansen Test…. Table 5: Granger Causality Line 317: write… After testing and proving that all variables are integrated… Line 319: write: The co-integration test defines whether a long run…. Line 320: write shows instead of signifies Line 321: write: This indicates…. Line 332: write… variables implied Line 332: write They instead of He Line 340: show clearly log instead of L … in the equation Line 347: write… This implies that an increase…	

	Line 349: write… Seetanah, Padachiand and Durbarry (2007) who show that external debt Line 355: write… percent increase in exports… Line 357: write… This finding agrees with the results obtained by several researchers (Tyler, 1981; Ram, 1987; Khan and Saqib, 1993; ……. And continue this way…. Line 364: write… that there is a positive…. Line 371: write… Table 5 shows.. end of sentence write…. Which indicate that there is a bidirectional… Line 373: write… supports the results of seghir et al. (2015). Line 375: write…. Similarly, Table 5 reveals that…. Line 376: write…. Consistent with Adedoyin et al. (2016) and Ogunmuyiwa (2011). Line 388: write… there exists a significant…. Line 399: write…should be mainly used for productive …. Line 410: Review all references to match the journal's citation style. Section 3.1…. What software was used…?	
Optional/General comments	Correcting the above details brings back a better view of the paper whose topic is nice and attractive
