<p>(1) Bad and inconsistence in reference citing. The author(s) superscripted some reference numbers, this is wrong. It should be corrected.</p> <p>(2) Lines 85 – 100, the author(s) cited Reference [5] four times under two paragraphs. This looks suspicious!</p> <p>(3) The author(s) quoted some formulas that are never used in the study. This is not ideal. All quoted equations should be removed</p> <p>(4) Thorough editorial work is needed before this paper can be accepted.</p> <p>(5) Some sub headings in the paper are not meaningful.</p>
