SDI Review Form 1.6

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<u>Compulsory</u> REVISION comments		
<u>Minor</u> REVISION comments	The mainly objective of the study is to evaluate the nutritional effect of inulin addition, in nectar formulated to maintain in good health captive adult <i>Amazilia amazilia</i> . Inulin seems to be the latest health food craze. Currently, inulin is promoted primarily as a pre-biotic and as a fiber supplement. No information are obtained allowing them to breed (delate page 4, line 87).	
<u>Optional/General</u> comments	The manuscript is scientifically robust with technical quality.
