SDI Review Form 1.6

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<u>Compulsory</u> REVISION comments	In Table 3, the responses for Disease Infection as well as Inadequate Government Support add up to 101% each. The responses should be re-examined and the necessary corrections effected. In Table 4, the response for "Fellow farmer" adds up to 101%. Correct this as well. The reference "Olife, I.C. Jolaoso, M.A. and Onwualu, A.P. (2013). Cashew Processing for Economic Development in Nigeria. <i>Agricultural Journal</i>, 8: 45-50. 345-346" should be deleted from the Reference Section, as it was not cited in the main text.	The correction had been made and it has added up to 100% in the manuscript. Ditto for this variable. It has added up to 100% It has been deleted
<u>Minor</u> REVISION comments	Grammatical errors and suggested re-wording of sentences, as indicated in the main text, should be corrected.	The suggested re-wording has been made
<u>Optional/General</u> comments	Suggested corrections in the main manuscript should be considered and effected.	All the suggested corrections had been effected. You can cross check with new version of manuscript submitted.
