

SDI Review Form 1.6

Journal Name:	British Journal of Applied Science & Technology
Manuscript Number:	2014_BJAST_14465
Title of the Manuscript:	Some Fully Symmetric Quadrature Rules for Approximation of Complex Line Integral
Type of the Article	Original Research Article

General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound.

SDI Review Form 1.6

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<u>Compulsory</u> REVISION comments		
<u>Minor</u> REVISION comments		
<u>Optional/General</u> comments	The reviewer recognizes that a significant effort was done by the authors with the construction of some quadrature rules of algebraic degree of 8 precision nine, thirteen and seventeen for the approximate evaluation of integrals of an analytic function on a 9 line segment in the complex plane. The content deserves to be published and the text has substantially become understandable. In my opinion the manuscript is acceptable
