Subject: RE: Request for editorial decision for manuscript number 2014_BJAST_15214

I checked the original and revised manuscript as well as the comments by reviewers. It could be accepted after a minor revision.

Before publication, I have some suggestion:

- 1) Figure 1. Put the description of A, B, C, D in the caption.
 - 2) In page 7. Put the footnote 1 as a reference.
 - 3) The part 3 "Discussion" revised as "Results and Discussion".
 - 4) There is no description of Fig. 12 in the manuscript. It is better to add.
 - 5) Ref. [3] should be revised as "J. J. Dongarra and A. J. van der Steen (2012). High-performance computing systems: Status and outlook. Acta Numerica, 21, pp 379-474
doi:10.1017/S0962492912000050"
<http://journals.cambridge.org/action/displayFulltext?type=1&fid=8539375&jid=ANU&volumeId=21&issueId=-1&aid=8539374>
- Ref. [4] should be revised as "... active cooling. IEEE Micro, 2011, 31: 63-75."

Editor's Details:

Dr. Yu Hai-Liang
