Review Comments

	Reviewer's comment	Author's comment <i>(if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
<u>Compulsory</u> REVISION comments		
<u>Minor</u> REVISION comments		
<u>Optional/General</u> comments	The paper provides an insightful viewpoint concerning the sovereign debt crisis using predominantly applied approach to characterising the effects of the processes involved in public deficit reduction at the macro level. It appears to demonstrate complementing effects between the private and public sector spending.	Thank you very much for your review. We really appreciate your comments about our paper.
