<u>Compulsory</u> REVISION comments	This essay need to 1. specify <u>why</u> "intercultural education" is important, 2. how <u>distinctive</u> this course is from all others, and 3. <u>Simplify</u> much (so wordy!). It can be said in 1/2.	The development of intercultural competence is especially important in the United States because the U.S. population is becoming more diverse. By 2050, the projections show that the non-Hispanic white population will be less than 53 percent. Ethnicity shifts pose a critical challenge for Oklahoma Cooperative Extension Service (OCES) educators who have the responsibilities of engaging multicultural communities, preparing and delivering educational programs and providing leadership. Cooperative Extension is a 100 year old national system and its survival may depend on its ability to reach minorities and underserve populations This course was the first one offered by the Department of Agricultural Education in the College of Agricultural Sciences and Natural Resources (CASNR) at Oklahoma State University, directly related to the improvement of students' ability to work with people from different cultures.
