SDI Review Form 1.6

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<u>Compulsory</u> REVISION comments	The paper presents the numerical solution using Chebyshev polynomials to the 12th order BVP. Advantages of the paper: clarity, simplicity of reading Disadvantages: the method is similar to the method presented in [16], English language, Typo errors	The paper is an extension of our previous paper [16].
<u>Minor</u> REVISION comments		
<u>Optional/General</u> comments	In my opinion the paper consists quite new results and can be published in British Journal of Mathematics & Computer Science
