SDI Review Form 1.6

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<u>Compulsory</u> REVISION comments		
<u>Minor</u> REVISION comments	1- The aim of study is not clear; the authors need to add the aim of study very clear in the introduction part. 2- Introduction needs more information such as why did the authors choose this topic for their study? Is there any controversial in the effect of L-arginine in eNOS expression in heart tissues of diabetic rats? 3- The quality of your figures is not good and the need to revised. If there any competing interest issue, please clarify.	
<u>Optional/General</u> comments
