SDI Review Form 1.6

PART 1: Review Comments

	Reviewer's comment	Author's comment
<u>Compulsory</u> REVISION comments	The manuscript was well structured but there are many parts of it that need to be re-written to make it clear and understandable. These parts are highlighted in yellow in the manuscript. The methods are appropriate for the study. The data generated from the study are robust but not well presented. The reference style is not consistent; this should be corrected. There are many words in the manuscript that need to be spaced properly. The discussion was fine and the conclusion was appropriate	I agree with all comments made by the reviewer and have diligently effected the corrections.
<u>Minor</u> REVISION comments		
<u>Optional/General</u> comments	Generally, it is a good manuscript
