

SDI Review Form 1.6

Journal Name:	International Journal of Biochemistry Research & Review
Manuscript Number:	2014_IJBcRR_14162
Title of the Manuscript:	Phytochemical and Mineral Constituents of Grewia mollis Stem Bark
Type of the Article	Original Research Article

General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound.

To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

SDI Review Form 1.6

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<u>Compulsory</u> REVISION comments	Suggestion for manuscript title change to: Phytochemicals screening and mineral..... Please explain in details for section 2, especially in 2.1 and 2.3. Table 1- use the appropriate word to replace the word 'status' - the degree of intensity for the presence of phytochemicals Add in details/references for the minimum requirement for all metals/minerals which is essential to human body	
<u>Minor</u> REVISION comments	Line 9 – Stem Bark – change to small letter Line 28 – elements Line 51 – Anti-inflammatory – small letter Line 46 – 49 – repeated sentence Line 57-59 – add in details chemicals and reagents used Line 66-69 – add in details methodology Line 73 – chemical formula for HNO₃ and HClO₄ Line 74, 84-86 - small letter for all metals in text Line 89 – Key add in details of degree of intensity (+, ++, +++...) References – need to standardize the references writing Line 134 , 136 – symbol for ions	

SDI Review Form 1.6

<u>Optional/General</u> comments	This manuscript is relevant for publication after correction.
