

SDI Review Form 1.6

Journal Name:	International Journal of Biochemistry Research & Review
Manuscript Number:	2014_IJBcRR_14577
Title of the Manuscript:	Effect of Costus afer Methanolic Stem Extract on Serum Lipid Profiles and Total Bilirubin Level as Markers for Hepatocyte Damage in Ethanol Induced liver Cirrhosis in Rats
Type of the Article	Original Research Article

General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound.

SDI Review Form 1.6

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	There are some comments MS: 2014 IJBcRR 14577; 1. Please add liver Cirrhosis and Rat in key words section. 2. In the Material and methods was written that the animals (50 Rat) were divided into the six groups and each group consists of 7 animals but the total animal that used in the study was 35 in 5 groups please rechecked 3. It would be interesting to do a better justification of the doses used: why these doses? 4. It is going to be very useful to mention about the mechanism between oxidative stress and liver cirrhosis. 5. Is this study approved? If yes, please indicate, if no, please explain the reasons. 6. Please provide a clear conclusion for your study about of
