<ol style="list-style-type: none"> <li>1. Still lots of minor mistakes including spelling mistakes, no space between two words, sentence constructions etc. were found and these become obstacles for scientific evaluation. I have already marked the text with red ink fonts to show the mistakes as much as possible.</li> <li>2. Author should correct all the mistakes first for final evaluation.</li> <li>3. The formula for percentage of severity, author may write 'total number of yellow leaf' instead of count of yellowing leaf, 'total number of leaf per plant' instead of count of all leaf of plant</li> </ol>	<p>Yes that's right there are many mistakes in red ink font or red highlight for sentence construction. I try to change them in the right spelling and right sentences</p>
