SDI Review Form 1.6

PART 1: Review Comments

	Reviewer's comment	Author's comment <i>(if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
<u>Compulsory</u> REVISION comments		
<u>Minor</u> REVISION comments	I enjoyed this article, there only a few corrections that you have to do: Line 2 Description Line 25 In Uganda, the national prevalence... Locally, in Mbarar... Line 61-62 I understand what you mean but try to explain better this two lines. Line 64 dermatology exam. Line 87 Assistant Line 108 It could be seen in table 1.... DISCUSSION: Lines 163-185: Could you add a comparison of yours findings with the data found in other countries ? References: please read the instructions to authors of this journal because they want the references like this: 1. Hilly M, Adams ML, Nelson SC. A study of digit fusion in the mouse embryo. Clin Exp Allergy. 2002;32(4):489-98. You made the references using the year before the authors.	Thank you for your comments and suggested corrections. Kindly look at the revised article with the corrections highlighted. I have added some comparisons. References have been revised.
<u>Optional/General</u> comments
