SDI Review Form 1.6

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	The manuscript cross-sectionally described/studied four- helminthics prevalence in the western region of Cameroon between October 2012 and August 2013. This study results revealed more prevalence of helminthics among non-HIV/AIDS population compared to the prevalence in HIV/AIDS population. This study results were contrast to the study results conducted by Inabo <i>et al</i> in 2012.	
Minor REVISION comments	Minor English grammar errors appeared in the manuscript.	
Optional/General comments	Good study design. Section of Abstract : Page 1 : Line 16 : Please change from "...Mc Master..." to "...McMaster...". Page 1 : Line 29 : Please change from "...C. hepatica respectively." to "...C. hepatica, respectively. ". Page 1 : Line 29 : Please change from "...were significantly.." to "...were statistically significant...". Section of Introduction : Page 2 : Line 43 : Please change from "...diseases but...." to "...diseases, but...". Please define the abbreviations/words " HIV/AIDS ", " WHO ", etc. Section of Materials and Methods (Data Collection and processing) : Page 3 : Line 90 : Please change from "...Mc Master.." to "...McMaster...". Sub-Section of Statistical analysis : Page 3 : Line 95 : Please change from "...in to..." to "...into....". Page 3 :
