SDI Review Form 1.6

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	Non	
Minor REVISION comments	1. ALL scientific nomenclature of parasites and plants Must be italicized in all the pages including the reference section. Almost every page has this issue. Eg page1, line 9- Abrus precatorius all through to page 16 line 426- Croton mubango, Nancea pobegeveni and pyrenacantha standtii 2. Check and correct Misspelt words eg <i>P. falcoparum</i> and <i>P. F. Malayia</i>- lines 234 and 394 respectively 3. Correct the year of "Bagavan <i>et al.</i>," publication-line 383 4. References no. 18 and 19 have not been cited in the text-line 389 and 392 respectively	
Optional/General comments	The manuscript is generally well presented, concise and adds extra knowledge on novel, safe and effective natural compounds that may complement synthetic ones. All the sections are well placed and described as necessary with the right materials and technical procedures. The discussion section is well presented. I recommend its publication after addressing minor issues raised above
