

SDI FINAL EVALUATION FORM 1.1

PART 1:

Journal Name:	International Journal of TROPICAL DISEASE & Health
Manuscript Number:	2014_IJTDH_13342
Title of the Manuscript:	KNOWLEDGE AND ATTITUDE ON PREVENTION OF MOTHER TO CHILD TRANSMISSION OF HIV AMONG PREGNANT WOMEN ATTENDING ANTENATAL CLINIC AT KISHI LEVEL FIVE HOSPITAL IN KISII COUNTY, KENYA.
	Original Research Article

PART 2:

FINAL EVALUATOR'S comments on revised paper (if any)	Authors' response to final evaluator's comments
Noted the corrections. Any backing studies to assertions found in : Lines 252-263 and Lines 275-279? I suggest the authors to vary the statements: Similar findings have been reported line 214 This finding is similar line 231 this findings were similar line 251 these findings were similar line 285 Use of phrases listed below and many more would make the discussion section more robust. -This pattern of findings was consistent with other research that suggests that..... -These findings extend previous research that has largely focused on..... -We therefore agree with van (author, year) that..... -There are a number of possible explanations for this apparent difference..... -The difference in between our study and reports from industrialized countries is more difficult to explain as it cannot be attributed to	

SDI FINAL EVALUATION FORM 1.1

-Our findings expand on prior work demonstrating that.....
