

SDI FINAL EVALUATION FORM 1.1

PART 1:

Journal Name:	Journal of Agriculture and Ecology Research International
Manuscript Number:	2014_JAERI_14178
Title of the Manuscript:	Economic valuation of rice crop damage by Red-billed Quelea and other pest birds on a rural irrigation scheme in western Kenya

PART 2:

FINAL EVALUATOR'S comments on revised paper (if any)	Authors' response to final evaluator's comments
The corrections made are satisfactory. However, in references there is minor error e.g. Tracey, (2007) written as 46 in the body of the paper was listed as 47 in reference list. Therefore, reference list will not correspond to citation in the body of the manuscript. Also, <u>et al</u> must be italicized in the body of the paper. Again, in authors contribution, the authors need to proof read that section and the paper in general for minor grammatical mistakes	• We have corrected the mistake of interchanging the reference attributed to Tracey et al (no 47) with the one relating to Hart et al (no 46). We have accordingly ensured the numbering is corrected both in the manuscript text as well as in the reference list. • We have ensured that all “et al” are italicised. • We have made the corrections on the Authors' contributions section
