SDI Review Form 1.6

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<u>Compulsory</u> REVISION comments	1.The introduction must be restructured to focus on ARV and HIV status with Ghana as a focus 2. methodology needs to be restructured to summarise on what was done and why rather than educating the people on the methods. 3. The results tables must be combined according to the hypotheses 4. Must reduce the figures There must be a brief conclusion and avoid tailing the results as in dissertation. some of your results are and have unnecessary qualifiers!	Done. The methodology is now summarized. This is also done. Done.
<u>Minor</u> REVISION comments	Remove the unfocused literature and remain with only brief with cross reference on ARV and PLWHA status	All the literature reviews are deleted.
<u>Optional/General</u> comments	Must be concise and brief on introduction	This is done.
ethical issues in this manuscript	Please, it looks there are no ethical issues must add on how consent was obtained from PLWHA and confidentiality issues, including the human rights	Done. Thank you very much for your valuable comments.
