SDI Review Form 1.6

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<u>Compulsory</u> REVISION comments		
<u>Minor</u> REVISION comments	Manuscript need to be minor revision. The obtained results of this work should be compared with the previous similar works published. The format of all manuscript must be uniform and in correct forms, the authors are recommended strongly to rewrite and check the manuscript. The reference formats should be doubles checked very carefully regarding the given format of the journal. Discussion and conclusion are weak. Discussion and conclusion part should be expanded	The results are already compared with previous work published about this product. By the way trivial work has been carried out on this product this is why the comparison was done by similar products from different regions and all these products are traditionally fermented ones. To our knowledge no extra published articles are available on this product
<u>Optional/General</u> comments
