| <b>Minor</b> REVISION comments      | <ol style="list-style-type: none"> <li>1. ACT (Artemisinin-based combination therapies). This should be written down on line 28 instead of on line 340. On line 340, just write ACTs.</li> <li>2. Line 150. The correct form is "the total number of people..."</li> <li>3. Lines 208-209. "Are antimalarial drugs dangerous?" I think the correct question should be "Are you aware of the side-effects antimalarials cause?"</li> <li>4. Line 218. | <b>Optional/General</b> comments    | It is a good informative report on malaria among residents of the town of Douala, Cameroon. It is clear, accurate and not dull. Before getting published, the review comments should be taken into account.                                                                                                                                                                                                                                                                                                                                                                                                    |                                                                                                                                                                               |
