

SDI Review Form 1.6

Journal Name:	American Chemical Science Journal
Manuscript Number:	Ms_ACSJ_26348
Title of the Manuscript:	Effects of Activation and Modification on the Microstructure and Composition of Fly Ash
Type of the Article	Short Research Articles

General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound.

SDI Review Form 1.6

PART 1: Review Comments

	Reviewer's comment	Author's comment <i>(if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
<u>Compulsory</u> REVISION comments	The present paper reports the results obtaining from the use of acid and alkali- soluble to activate and modify fly ash. Overall this is interesting work for this major and being contribution. I request the authors add the valuable discussion in separate part by emphasizing the relationship between the performance of this modification and the former methods. Thanks!	First of all, thank you very much for the affirmation of our article. We are very glad that you have put forward the proposal to us, and we have made a revision of the article.
<u>Minor</u> REVISION comments		
<u>Optional/General</u> comments
