SDI Review Form 1.6

PART 1: Review Comments

| | Reviewer's comment | Author's comment <i>(if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i> |
|--|--|--|
| <u>Compulsory</u> REVISION comments | 1. For ease of reading and understanding it would be nice all the necessary concepts used in Sec. 3 when discussing the results, put in a separate section (for example, "Preliminaries"), rather than to send the reader to the works of other authors. 2. You must give a detailed description of Figure 1. | Section 3 has been divided into two subsections. In Sec. 3.1, the concepts and the numerical approach have been explained, and a detailed description of the computational results has been given in Sec. 3.2. |
| <u>Minor</u> REVISION comments | | |
| <u>Optional/General</u> comments | | |
