SDI Review Form 1.6

PART 1: Review Comments

	Reviewer's comment	Author's comment <i>(if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
<u>Compulsory</u> REVISION comments	<ul style="list-style-type: none"> -The author did not organize his methodology in a clearer manner. -More so, there's a dis-connect between the title and the body of the manuscript. -The criteria used should be stated clearly e.g. IDF was recommended for sub-Sahara African. - Other measures of abdominal obesity should have been investigated for comparison. - It's also important to know if the subjects were obese or non-obese. 	<p>Re organized</p> <p>Aim and title of the study has been revised.</p> <p>Change effected.</p> <p>BMI was the most used parameter used for measuring total body mass in Nigeria.</p> <p>Effected</p>
<u>Minor</u> REVISION comments	<ul style="list-style-type: none"> - Minor English or typographical errors. 	
<u>Optional/General</u> comments
