SDI Review Form 1.6

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<u>Compulsory</u> REVISION comments	Introduction is not described good enough. The authors should not be used I or we in the research article. I think the author write the article as a story' style. Methodology is not suitable for an original research. The method of the noise measurement is necessary for these types article. Also, there is no numerical data and data analysis in the results section. All parts of the manuscript should be revised carefully.	
<u>Minor</u> REVISION comments		
<u>Optional/General</u> comments	The manuscript may be accepted for a review article. This is not suitable for an original research article format in this state. Therefore, author/s will be added some numerical data or the manuscript will be accepted as a review article.
