SDI Review Form 1.6

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<u>Compulsory</u> REVISION comments	<p>It is interesting paper but it requires a few major revisions.</p> <ol style="list-style-type: none"> 1. First of all you have to improve your English. 2. Describe shortly science-physics because it is not popular subject in the world. 3. The caption of table 1 should be before it. 4. The results and description of table 3 is not transparent for readers. You have to write clearly why you used t-test, what statistical hypothesis you tested (null hypothesis) and so on. 5. You gave a lot of different information in the section 3. I suggest plotting them in the form of appropriate figures. <p>Reference [2] is not clear.</p>	<ol style="list-style-type: none"> 1. English has been improved 2. The subject "science-physics" has been changed to "physics" 3. The position of caption of table 1 has been performed. 4. The reason on why t-test is used and what hypothesis is tested have been provided. 5. Sorry, this suggestion can not be performed yet. 6. Reference [2] has been revised.
<u>Minor</u> REVISION comments		
<u>Optional/General</u> comments
