

**SDI Review Form 1.6**

Journal Name:	<a href="#">Advances in Research</a>
Manuscript Number:	Ms_AIR_31986
Title of the Manuscript:	<b>Chromium (VI) reducing <i>Brevibacillus brevis</i> OZF6 inoculation enhances pea growth and decreases metal uptake in pea plants</b>
Type of the Article	<b>Original Research Paper</b>

**General guideline for Peer Review process:**

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound.

To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

**PART 1: Review Comments**

	<b>Reviewer's comment</b>	<b>Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</b>
<b><u>Compulsory</u> REVISION comments</b>	<p>This paper is very interesting and sounds very meaningful for environment remediation. The author found the bacteria <i>B. brevis</i> OZF6 can be used to reduce the metal chromium (VI) and also enhance the growth of pea under metal stress. This strain can be developed into commercial products and used to remediate chromium polluted environment growing legume. It is very applicatble.</p> <p>The title needs modification. The title is very confusing. "Effect of <i>Brevibacillus brevis</i> OZF6 on reduction of Chromium (VI) and pea growth enhancement" can be used as the title.</p> <p>The paper has too many grammar mistakes. I made comments in the manuscript and attached it. Please make the corrections.</p>	<p>Title has been changed as per the suggestion</p> <p>Grammatical mistakes have been addressed as per the suggestion</p>
<b><u>Minor</u> REVISION comments</b>		
<b><u>Optional/General</u> comments</b>
