Type of the Article	

**General guideline for Peer Review process:**

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound.

To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<http://www.sciencedomain.org/page.php?id=sdi-general-editorial-policy#Peer-Review-Guideline>)

**PART 1: Review Comments**

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<b>Compulsory</b> REVISION comments	<ol style="list-style-type: none"> <li>In 63th sentence, the authors wrote the method in this article is the extension of previous study. I suggest the relationship between this manuscript and that previous study can be further described more clearly.</li> <li>It is better that Figs. 4.1-4.5 can be revised by add the z axis label.</li> </ol>	It has been corrected
<b>Minor</b> REVISION comments	The journals' names in Refs. [8], [14] is different from other references. It is abbreviated. I suggest the format can be unified.	It has been corrected
<b>Optional/General</b> comments	NA
