SDI Review Form 1.6

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments		
Minor REVISION comments	<p>Remove the "an" in the title and add "s" to site to reflect the two erosion sites evaluated in the study</p> <p>Tables and figures should come after they are mentioned in the manuscript.</p> <p>I am not comfortable with the title of table 3. Are water content, liquid limit, plasticity index etc physical properties of soil?</p> <p>Include the map of the study area showing the VES points and sample collection points. What is the full meaning of GSN.</p> <p>Geologic formations are written thus Mamu Formation, Ajali Sandstone/Formation</p> <p>Restructure the 2nd sentence in conclusion to give a clearer understanding.</p> <p>Most of the referenced authors are not cited while the cited authors are not referenced, be consistent with the journal's referencing style.</p> <p>The comments above and some other errors are highlighted the manuscript attached.</p>	

As per the guideline of editorial office we follow VANCOUVER reference style for our paper.
