SDI Review Form 1.6

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	 The title of this article may be too long. It can be shortened but the major interest of this manuscript can be properly described. More descriptions of examples (Figures 4 to 7) are suggested. It is difficult to understand how these figures are created. State in the abstract the major contribution of this article. How does this manuscript affect other similar studies? 	
Minor REVISION comments	In the 447th sentence, the authors wrote equation (A.1). But, this equation seems to be unavailable.	
Optional/General comments	NA
