SDI Review Form 1.6

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<u>Compulsory</u> REVISION comments	<ol style="list-style-type: none"> 1. Your tables were not correctly inserted, they are scattered and unreadable they should be inserted in table format not as word. 2. Line 126 which statistical package is used in analysing the result. 3. There is need to graphically shows the degradability of your treatments with time of incubation period. 4. so also the washing lost, you went silent about it <p>Ethical Issues: Actually there is not, especially in this part of the country.</p>	
<u>Minor</u> REVISION comments	<ol style="list-style-type: none"> 1. Line 109 the removal was according to specified incubation period as indicated..... Recast 2. line 56 annual rainfall should be Average or in range because it cant be exact figure 3. line 202 if there is no significance difference between the treatments then there is no need of discussing which one is better than which 	
<u>Optional/General</u> comments	<ol style="list-style-type: none"> 1. Why did you use a single animal in this research?
