**Decision for manuscript number Ms AIR 38839** entitled 'Influence of integrated nutrient management on nutrient uptake by cotton and soybean in intercropping system' written by Amit M. Pujar, V. V. Angadi, and J. A. Hosmath

Following evaluation of all documents related to the manuscript I can stay that the manuscript is acceptable for publishing in Advances in Research. Although, the manuscript was corrected with accordance of reviewer's suggestions, it still needs revision. All of my objections are marked in the text.

**My decision is Accept after minor correction.**
