

Editor's comments:

The final decision for manuscript number Ms AIR 38557 entitled 'Effect of macronutrient and morphoframe manipulation on growth, yield and economics of *Bt* cotton (*Gossypium hirsutum* L.)' written by Siddu Malakannavar, A.S. Halepyati, G. S. Yadahalli, B. M. Chittapur, K. Narayanrao and Ambika V

Following evaluation of all documents related to the manuscript I agree with the Reviewers that the manuscript is acceptable for publishing in Advances in Research. The manuscript is corrected with accordance of reviewer's suggestions.

I recommend only changing some keywords because abbreviations should not be used without their explanation (RDF), and keywords should not be the same as words already used in the title (morphoframe manipulation). According to the journal requirements AUTHORS' CONTRIBUTIONS should be added.

My decision is Accept after minor correction.

Author's feedback:

Dear sir/madam

As per above recommendation I corrected minor corrections.
