SDI Review Form 1.6

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	<p>1. A revision of the manuscript is required.</p> <p>2. The authors need to use same abbreviation of the Plants like MO, MI throughout the manuscript after first using the full form instead of using <i>Manifera indica</i> and <i>Moringa oleifera</i> or <i>M.indica</i> and <i>M.oleifera</i>.</p> <p>3 .In the title and in introduction part (line 23) the author mentions that Rats are used. While in the results section (tables) mice are mentioned instead of rats. The author(s) should clarify which animals are used in the abstract as well as introduction part.</p> <p>4. Tables 2 &3 need to be merged together and modified so that they are in a presentable way . Table 4 7 5 need to be clubbed together .The abbreviation used in tables need to be spelled out.</p> <p>The changes needed in the manuscript have been marked yellow along with the modification needed in the attached main manuscript file</p> <p>The manuscript needs modification in the following lines of the text Page 1: Lines : 8,9,10,13,15,16,17,18,19, 21,22,25,35,37,38,39. In the introduction part the text from line 43-47 need to be deleted or reduced.</p> <p>Page 2: Lines :1,3,18,23,25,28,31-35, 40,42</p> <p>Page 3: Lines:6,10,16,17,20,22,24,25,27,28,30,31</p> <p>Page 5: Lines: 7,9,14,17,18</p> <p>Page 6: Lines:2,3, 6-7. Last para of page 6 needs to be written in a proper way taking care of grammatical mistakes.</p> <p>Page 7: Table to be merged with previous table</p>	<p>1. The required revision was made and highlighted in yellow.</p> <p>2. Noted! The same abbreviation was used throughout the manuscript.</p> <p>3. Rats are used in the study and all mistakes were corrected accordingly.</p> <p>4. Merging the tables will make the table very complex. Also, the tables represent different comparison; Table 2: Comparison of blood sugar level between groups whereas Table 3 is a comparison of the blood sugar levels in animals within respective groups. Table 4: Comparison of body weight between groups whereas Table 5 is a comparison of the body weight in animals within respective groups.</p>
Minor REVISION comments		
Optional/General comments	<p>The manuscript needs revision before being declared fit for publication.</p>	<p>Thank you for scrutinising our manuscript. All corrections and suggestions were important. We updated the manuscript accordingly.</p>
